

OCEAN SHIPPING CONTAINER SPECIFICATIONS

Container specifications are based upon industry averages; some equipment may vary slightly. Cubic capacity figures are based on a perfect load, with no dead space. It is impossible for most cargo to achieve these capacity figures. Please call for specifications on specialty or temperature-controlled containers or if you have any questions.

STANDARD SHIPPING CONTAINERS

	Standard 20'		Standard 40'		40' High Cube		45' High Cube
